

CCRSofware Software License Agreement

1. Software is defined as the CCRSoftware computer program with which this Software License Agreement is included and any updates or maintenance releases thereto. Do not use the Software until you have carefully read the following Agreement. This Agreement sets forth the terms and conditions for licensing of the Software from CCRSoftware to you, and installing and using the Software indicates that you have read and understand this Agreement and accept its terms and conditions.
2. When you first install the Software on an individual computer it will run as a "trial version". This will allow you to access all features for a trial period that lasts approximately 30 days. At the end of this trial period, if you have not acquired a registration code as explained below, the Software will no longer allow you to access various features. By your use of the trial version of the software you understand and agree that after the trial period you may not be able to continue to access and/or use the software unless you purchase the appropriate full version of the Software.
3. At any time during or following the trial period you can activate your license (as described in the on-line help guide) by purchasing the product. CCRSoftware will provide you with a registration code that will unlock the features that you have paid for without time limit. This registration code will work only on the computer(s) that are authorized to use the program. Upon request we will allow you to register the software on up to five (5) additional computers that are within the limits of a Physical Address (Building) hosting one company or other business entity. Each computer may require a separate registration code.

The software is protected by the copyright laws of the U.S. and other countries, and we retain all intellectual property rights in the software. You may not separately publish, sell, market, distribute, lend, lease, rent, or sublicense the software. However, this license is not to be construed as prohibiting or limiting any fair use sanctioned by copyright law, such as permitted library and classroom usage.

Limited Warranty

4. We warrant that the software will provide the features and functions generally described in the product specification on our website when you purchased it and in the product documentation. Media on which the Software is furnished, if any, will be free from defects in materials and workmanship.
5. We have taken all reasonable steps to keep the software free of viruses, spyware, "back door" entrances, or any other harmful code. We will not track or collect any information about you, your data, or your use of the software except as you specifically authorize. We will not intentionally deprive you of your ability to use any features of the software or access to your data.
6. We do not warrant that the software or your ability to use it will be uninterrupted or error-free. To the extent permitted by applicable law, we disclaim any implied warranty of merchantability or fitness for a particular purpose.

Limitations On Liability

7. If you are not 100% satisfied with this Software, your exclusive remedy under the above limited warranty shall be, at our option, either a full refund of the purchase price or correction of the defective software or media. To the fullest extent permitted by applicable law, we disclaim all liability for indirect or consequential damages that arise under this license agreement.

General Provisions

8. If any part of this agreement is found to be invalid or unenforceable, the remaining terms will stay in effect. This agreement does not prejudice the statutory rights of any party dealing as a consumer.
9. This agreement will be governed by the laws of the state of California.
10. This agreement does not supersede any express warranties we made to you. Any modification to this agreement must be agreed to in writing by both parties.
11. U.S. GOVERNMENT RESTRICTED RIGHTS. The Software is Commercial Computer Software provided with RESTRICTED RIGHTS under Federal Acquisition Regulations and agency supplements to them. Use, duplication or disclosure by the U.S. Government is subject to restrictions as set forth in subparagraph (c)(1)(ii) of the Rights in Technical Data and Computer Software clause at DFAR 255.227-7013 et. seq. or 252.211-7015, or subparagraphs (a) through (d) of the Commercial Computer Software Restricted Rights at FAR 52.227-19, as applicable, or similar clauses in the NASA FAR Supplement. Contractor/manufacturer is CCRSoftware, 682 Equador Place, Davis, CA 95616
12. EXPORT CONTROLS. None of the Software, or underlying information may be exported, directly or indirectly, without the prior written consent, if required, by the office of Export Administration of the United States, Department of Commerce, nor to any country to which the U.S. has embargoed goods, to any person on the U.S. Treasury Department's list of Specially Designated Nations or the U.S. Commerce Department's Table of Denials. By consenting to this License you warrant that you are not located in, under the control of, or a national or resident of any such country or appear on any such list and further warrant that you will not distribute the run-time version of the Software to any entity that is located in, under the control of, or a national or resident of any such country or appears on any such list.
